The Dome of the Rock — is an early medieval Muslim shrine on Temple Mount, in Hebrew and as the "noble sanctuary" in Arabic. The exposed bedrock directly under the dome — known as the Foundation Stone — is the spot upon which Jewish tradition says Abraham prepared to sacrifice his son Isaac and from which Islamic tradition also indicates Muhammad ascended to heaven. (According to a medieval Islamic tradition, the Stone tried to follow Muhammad as he ascended, leaving his footprint here while pulling up and hollowing out the cave below. The impression of the hand of the Archangel Gabriel, made as he restrained the Stone from rising, is nearby.) The Stone is considered the holiest site in Judaism and the third holiest in Islam.

When one thinks of mass murder, Hitler comes to mind. If not Hitler, then Tojo, Stalin, or Mao. Credit is given to the 20th-century totalitarians as the worst species of tyranny to have ever arisen. However, the alarming truth is that Islam has killed more than any of these, and may surpass all of them combined in numbers and cruelty. The enormity of the slaughters of the "religion of peace" are so far beyond comprehension that even honest historians overlook the scale. When one looks beyond our myopic focus, Islam is the greatest killing machine in the history of mankind, bar none. The Islamic conquest of India is probably the bloodiest story in history. -- Will Durant, as quoted on Daniel Pipes site. Conservative estimates place the number at 80 million dead Indians.
